

PILLAR

Putting Government to Work for the People

Effective and Honest
Government

The Budget

Reform of Civil
Service

Effective and Honest Government

A government that is
effective, transparent, trusted,
and honest.

Increase openness and
transparency

Create high legal standards
and ensure ethical
behavior by government

Ensure the rule of law

Improve the efficiency of
government services

Make sure citizens have
a voice

Simplify government
requirements

Review the organization
and operations of our
ministries

Improve coordination within
the government

The Budget

A transparent, efficient, and equitable public finance system that fully pays for the government investments and operations that are of highest priority for the well-being of the people.

Modernize budget administration

Increase budget transparency

Move budget decisions closer to the people

Improve taxation

Align the investment budget with the KRI's priorities

Stabilize our budget

Reform of Civil Service

A government that is the right size with the right people to act as an enabler for the growth and development of the Kurdistan Region.

Manage the civil service to meet short-term and long-term goals

Establish a civil-service management agency and system

Adjust compensation and benefits

Help civil servants choose to leave government and contribute to the private sector
