

FOUR PILLARS FOR ACHIEVING THIS VISION

Putting  
People First

Building the  
Region:  
Infrastructure

Creating an  
Economically  
Prosperous  
Region

Putting  
Government  
to Work for  
the People

PILLAR

# Putting People First

Health

Education

Ensuring an  
Inclusive Society

The Labor  
Market

## Health

An efficient system that provides high-quality essential services to everyone to prevent, treat, and manage physical and mental illness and injury.

Introduce a sound health care financing system

Improve the availability and quality of clinical services

Promote preventive services

Improve public sector management, regulatory, and policy capacity

## Education

An education system that equips our people to achieve their aspirations and supports democratic values, economic development, and societal welfare.

Ensure access to all levels of K-12 education

Provide high-quality K-12 education

Increase the relevance and success of technical and vocational education and training (TVET)

Increase transparency and accountability

Build on improvements in higher education

## Ensuring an Inclusive Society

A society in which all people in the Kurdistan Region—Iraq can achieve their maximum potential regardless of gender, socio-economic status, place of birth, age, religion, or ethnicity.

Assure equal opportunities for girls and women

Reduce poverty and improve the social safety net

Encourage development of non-governmental organizations

Strengthen our laws against discrimination and their enforcement

Assure the development and inclusion of our youth

## The Labor Market

A private-sector labor market in which employees can find jobs, can move to better jobs when they want, and are rewarded for their work, and in which employers can find qualified employees and freely employ who they want.

Institute legal reforms

Ensure that the workforce is highly skilled

Introduce pension and benefits reforms

Develop a comprehensive unemployment insurance system

Help women enter the labor market and succeed
